develop a passion
for Teaching!*

INFINITY ENGLISH PODCASTS 1288

When you're getting ready in the morning when you're exercising or when you just need a little boost download mindset and listen to your favorite motivational speeches while getting ready for the [Music] day on the other side of your fear is a fulfilled Destiny how bad do you want it be a dangerous man now being dangerous is not being a threat they're two different things and it's not about going out and lifting weights and walking around where your chest and shoulders up hulking around

saying I'm dangerous very rarely is that a dangerous man often the most dangerous man in the room is the quietest man in the room you should be a monster you know cuz everyone says well you should be harmless virtuous you shouldn't do anyone any harm you should sheath your competitive Instinct you shouldn't try to win you don't want to be too aggressive you don't want to be too assertive you want to take a backseat and all of that it's like no you should be a monster an absolute monster and then

you should learn how to
control it you need endurance
you need stamina to reach
some goals you're not going
to hit the million with the first
investment you're not going to
hit the Home Run always at
first swing but resiliency says
I belong here and I deserve
another shot I want my
opportunity give me my
opportunity you can't be a
good man if you're not a
dangerous man it's like is
there something wrong with
being competitive there's
something wrong with
cheating there's something

wrong with being a tyrant
there's something wrong with
winning unfairly all of those
things are bad but you don't
want people to win this is
your life my friend and I'm
sure when it's all said and
done you don't want to look
back and see that you wasted
it this is your life my friend so
you stand up this is your life
my friend so you rise up this
is your life my friend so you
keep going this is your life
my friend so you never give
up this is your life my friend
you need to keep going this is
where you take control I

need you to know that you're
called You're armed and
you're dangerous in this life
there will always be [Music]
obstacles there will always be
challenges it will always be
Giants it hasn't been easy
[Music] but it's time to win
it's time to win you are going
to need Vision before you win
you're going to have to see it
winning this battle in this life
there will always be a man a
woman a boy a girl or a team
who will face impossible odds
and somehow through some
combination of Courage will
grit and a mustard seed of

Faith they'll manage to
overcome if a man can Master
discipline then there is
nothing he can't win it starts
on the battlefield of your
mind this is where the war is
won remember your why it is
the why that gets us to win
and it is the why that gives us
the power to persevere
through the how all you have
is all you need I have waited
my whole life for this moment
thank you to everybody that
doubted me here's to
everybody that doubted me
here to everybody that
stopped believing in me here

to everybody that counted me
be out if nobody believes in
you you got to make it up in
your mind that all you have is
all you need it is the battles
that you face today that
prepare you for tomorrow's
Wars you are fighting for
your family you are fighting
for your legacy what you are
fighting for is bigger than you
do not forget this there will be
many Giants in your your life
there will be depression there
will be anxiety there will be
oppression there will be
overwhelm will you Buckle
under the pressure or will you

rise to the occasion stop
praying that the storm will
pass over you and pray to
grow through the storm stop
going around it go through it
some fights are not won in the
first round flat out in the
moment that you get that and
you get crystal clear and you
accept the fact that there are
some Giants that you will not
defeat in the first round you
are a disciplined desperate
dangerous fulfiller of Destiny
dangerous is the one who
owns a dream I say it again
dangerous is the one who
owns a dream I didn't say Ren

a dream I didn't say
leis a dream I didn't say
Airbnb a dream I said
own a dream go down to
the title agency put the
money down and buy that
dream so that you own it
and that dream can never
be taken away from you
dangerous is the one who
Masters their thinking
dangerous is the one who
ain't afraid to sweat
dangerous is the one who
won't quit dangerous is
the one who knows their
identity self-awareness is
the starting point for
living a life of victory
until you know your
true value your selfworth
your

calling will continue to elude
you those who continue to run
from being who they were
made to be disqualify
themselves from greatness the
enemy is hoping that you
never discover your true
identity that you are beautiful
strong and amazing and that
you deserve the best that life
has to offer he's hoping that
you never hear this message
here's why it's important
because if you can't see
[Music] yourself how will
you ever see opportunity you
know what but my friend I
think you're capable of much

much more so bring it out
bring it out every single day
that you live on this Earth
bring it out every single day
that you open your eyes bring
it out every single day bring
out the best version of
yourself my friend because
we still have work to do you
already know what failure
feels like you already know
know what it feels like to quit
to stop to throw in the towel to
sit on the couch but do you
know what it's like to give
everything that you have and
push and persevere life
doesn't get any easier it

doesn't get more forgiving we
just get stronger and we get
more resilient run after your
dream run after your idea
right after your goal what is it
that you have been called to
do get up and run after it
action will reflect that what
you are dreaming in your
mind and the world will begin
to see that what you are
believing for the ones who
rocked the world the ones
who made history the ones we
call Legend a dream with
their eyes closed they didn't
set the limits of their
imagination to the world they

currently living in they dream
the world the way they
wanted it to be once
ownership has been taken of a
dream of a vision it creates a
power inside one to bend and
shape reality until it looks like
an exact copy of that which is
held in the mind how dare
you to dream [Music] h
[Music].
